Better Care

Making Elder Care Better for 35 Years

Formerly Kansans for Improvement of Nursing Homes (KINH)

Founded in 1975 by Petey Cerf and people like you who were deeply concerned by poor care and the indignities suffered by elders in nursing homes. Together they paved the way for better care, consistent enforcement of health and safety rules, and responsible oversight.

Thank You

"Get 35 for 35!"

You'll get 35 years of solid experience when you're faced with the difficult decision of choosing a nursing home, assisted living or other long-term care setting.

Our knowledgeable and caring staff will

- Guide you through the maze of information
- Provide you detailed reports on specific homes
- Connect you with helpful resources to address problems
- Keep you current on trends, information and legislation – five times a year.

We think about nursing homes every day, so we're ready when you need help.

By joining, **you'll** make KABC's voice stronger - in the legislature and with nursing facilities - when we **speak up for elders.**
